OUR VISION OUR MISSION

Our Vision

To grow into Business Power-House that runs on the shared vision of Innovation & Customer Satisfaction.

Our Mission

To Design, Manufacture and Service Transformative Solutions for our customers that will help shape the future of the wood working industry, both in India and Internationally.

OUR VALUES

Trust | Honesty | Innovation | Quality

Trust - We value trust. We seek to build trust between our employees, customers and partners. We promote open communication; set examples through our fair, honest and consistent actions; and take responsibility for our actions, successes and failure. Without trust and commitment, there would be no Jai.

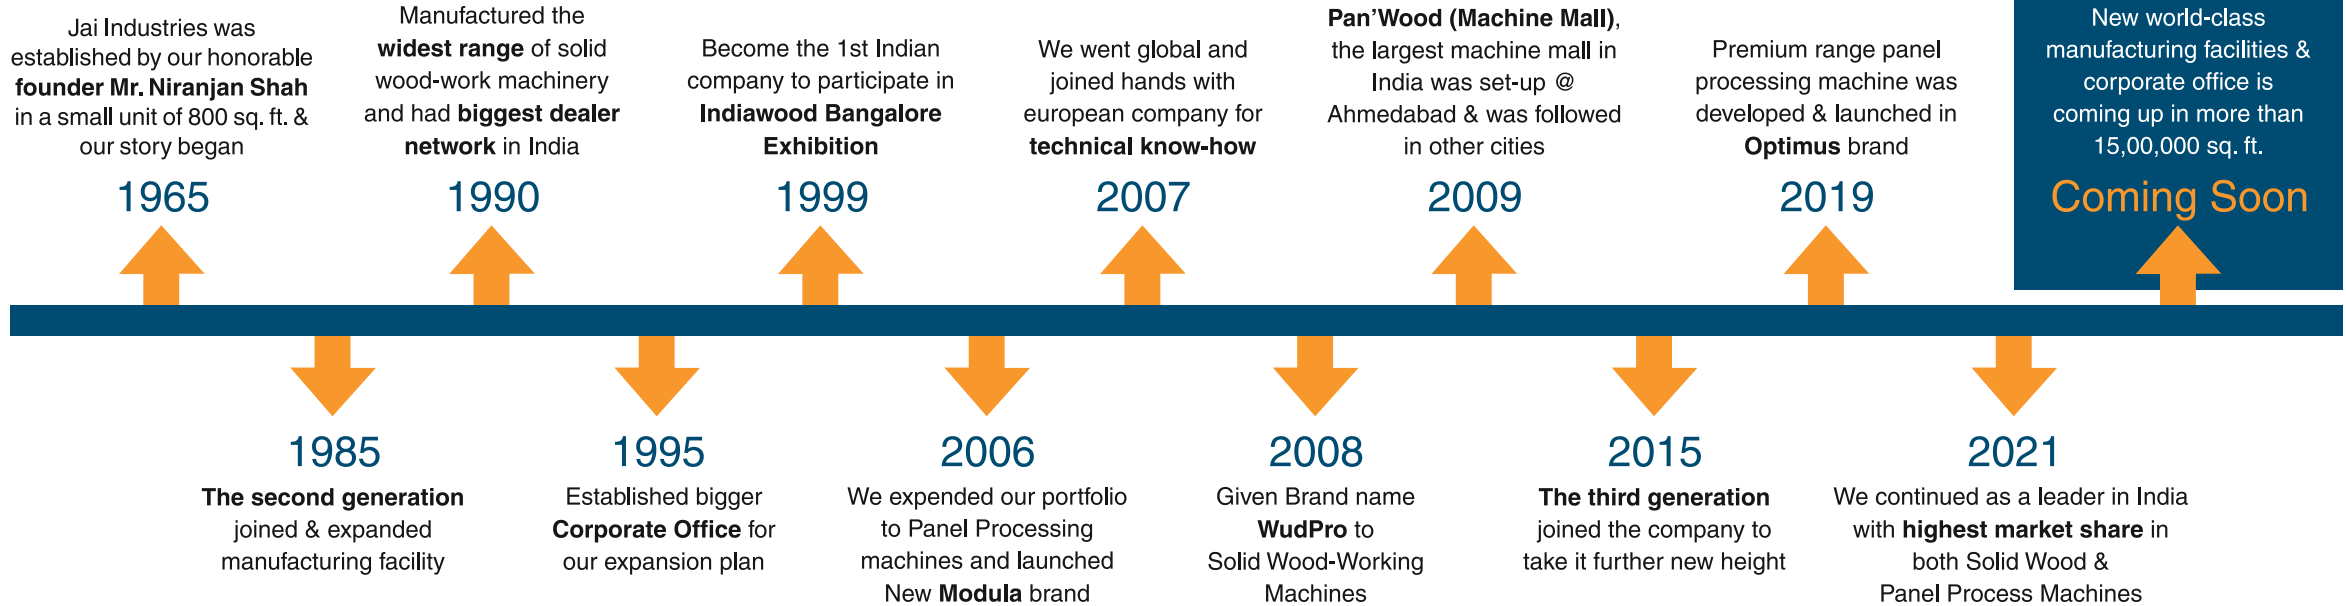

Honesty - We are honest, trustworthy, respectful and ethical in our actions with each other and the customers we serve. We always strive to do the right thing by saying what we mean, honoring our commitment, matching our behaviors to our words and taking responsibility for our actions.

Innovation - Our driving force is development. We strive to be on the forefront of technological change and we encourage our employees to embrace it; to act in an entrepreneurial manner; to continue their training and education; and to take on new roles and responsibilities. Through innovation, we will find new and better ways to diversify our services, provide new opportunities for our employees and to serve our customers.

Quality - Quality is our top priority and is represented in all that we do. We recruit and develop quality staff, we plan diligently, we employ quality oriented processes and procedures throughout the performance of our work and we always strive for continuous improvement.

OUR JOURNEY

Jai wasn't built in a day,
but we worked on it every single day
